Date	March 2008	

Supersedes all previous issues

2.07.2

NEW ZEALAND

Contemporary style doesn't have to mean edges and angles, nor does it have to cost the earth. The Caroma **Cosmo** above counter vanity basin is surprisingly economical whilst offering elegant curves and a very modern aesthetic. Accentuating the understated elegance of the Cosmo style, this vanity basin has a self-rimming edge and smooth tapware landing for easy cleaning.

Tap Holes: The basin is available in one taphole Code No.894015 and three taphole Code No.894035 options.

Waste Outlet: The basin has been designed for the Caroma Uni-waste outlet suitable for a 40mm trap connection. Coloured plastic flush fitting Uni plug and waste supplied. For applications where a chrome plated brass waste is required there are four suitable Uni-wastes available in the following options — Flush Fitting Plug and Waste Code No.687140, Vandal Resistant Flush Fitting Plug and Waste Code No.687141, Covered Plug and Waste Code No.687142 and Vandal Resistant Covered Plug and Waste Code No.687143.

Bowl Capacity: 3 litres to overflow.

Overflow: Standard with overflow. Designed for maximum tap flow rate of 15 litres/minute.

Fixing: The underside of the basin rim is sealed to the counter top with an acetic cured silicone sealant. **Epoxy type glues must not be used.** The basin is supplied with a template which must be used for the counter top cut-out.

Colours: White only.

Dimension: All dimensions are in millimetres and are subject to normal manufacturing variations. Caroma pursues a policy of continuing improvement in design and performance of its products. The right is therefore reserved to vary specifications without notice.
