

Cosmo Care

Dual Flush Toilet Suite for People with Disabilities. Installations Complying to the WC pan requirements to NZS 4121

A contemporary designed 4.5/3 litre dual flush **Cosmo Care** toilet suite installation designed to provide a raised seat height of between 460-480mm for people with disabilities . The pan features a concealed trap which facilitates easy cleaning. The versatility of the **Cosmo Care Pan Concealed Trap** makes it ideal for use by both the ambulant person with disabilities and wheel-chair users including wheeled commode chairs.

Important: Further reference must be made to NZS 4121 with current amendments to determine circulation space, grabrail and installation requirements. The dimensions in this sheet may change with amendments to the standard.

Pan: Cosmo Care Pan Concealed Trap pan 4.5 litre full flush washdown type.

Traps: S trap (WELS 4 star rated) or P trap (WELS 3 star rated). Unvented only.

Inlet: 50mm back inlet.

Cistern: Cosmo Cistern – A one piece injection moulded tank with a removable lid and centrally positioned Caroma Care plastic push buttons. The inlet valve is the Quietflow 2 inlet valve which reduces noise during the filling cycle.

Inlet and Overflow: Inlet is in the RH position and is located on the underside of the cistern and is interchangeable. Overflow is internal as standard, an external overflow kit is available.

Seats: Supplied with **Caravelle Care** seat.

Position of the Pan: For wheel chair access the installed pan must be a minimum of 750 to 700mm from the front of the pan to the finished wall and provide a seat height of 460 to 480mm.

Position of the Cistern: The underside of the cistern must be 600mm minimum from the finished floor. The push button height should be no greater than 1100mm from the finished floor

Installation: Refer to *Important Information for Plumbers* section.

Colours: White only.
