

Maxton

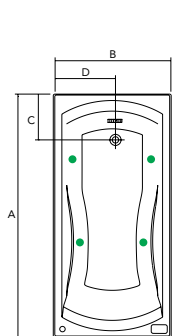

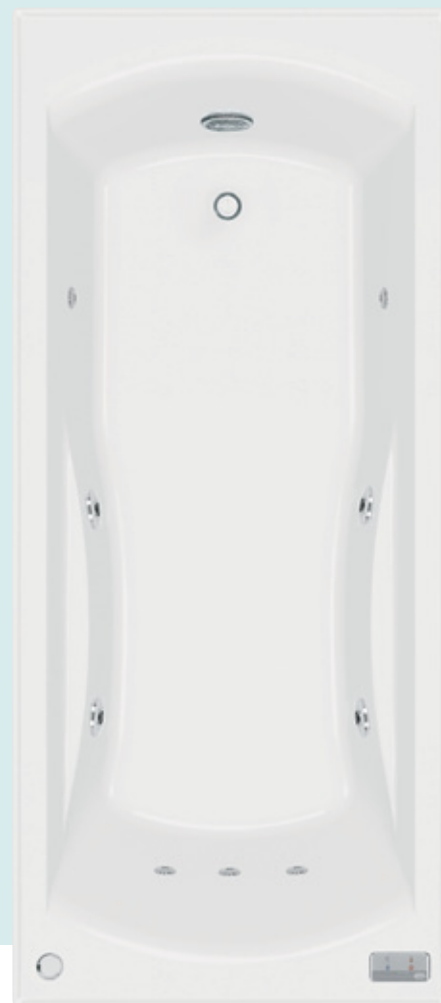

Pictured:
Maxton 1700 Masseur Spa Bath

The Maxton spa bath has a fresh, simple look with a generous shape that gives you plenty of room to stretch out, while still fitting comfortably into regular bathroom designs. Furthermore, the Maxton spa bath has been designed with water conservation in mind. It features an optimal working capacity that effectively reduces water usage without compromising your enjoyment of the bathing experience.

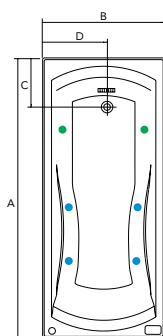

Available in two sizes and also as a bath.

Upgrade Options:

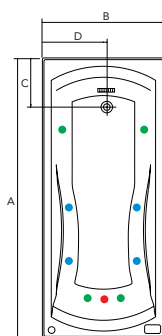

- Airforce System (10 Air Injectors)
- Headrest
