Bath with optional Standard headrest

The clean, minimalist style of the Newbury will add a modern and sophisticated look to your bathroom. The four tile flange capability of the Newbury allows it to be tiled into the wall with a high degree of installation flexibility. It features a reclined back area, generous length, wide sides and comes standard with electronic control.

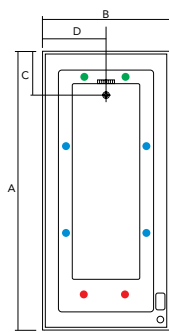

Available in two sizes and also as a bath.

Spa Bath Upgrade Options:

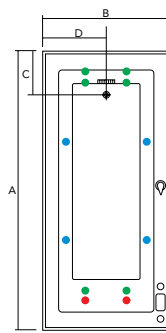

- Headrest as shown (bath & spa bath)
- Airforce System (10 Air Injectors)
- Full backrest (for bath and standard spa bath only)
