President 1900 Body Therapy Spa Bath

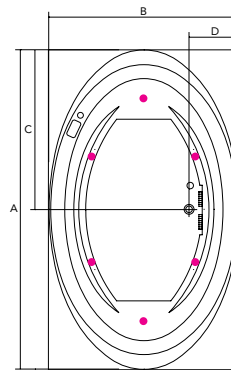

Visually striking with unique sculptured curves supporting your entire body, the grandly designed President is right at the top of the range in spa baths.

The President comes in two models. The Standard provides a light overall body massage, whilst the Body Therapy combines localised and diffusing massage jets for an all encompassing body massage. Each includes two stylish contoured headrests to support your neck and shoulders as well as comfortable arm rests.

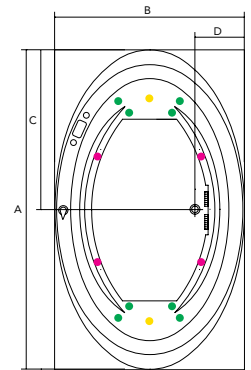

Also available as a bath.

Upgrade Options:

- Airforce System (10 Air Injectors)
- Two headrests
